Fw: Update to Illinois Work Plan Agreement		11/20/2012 01:07 PM	

## Document Body

Dear Rick,

Below and attached are 4 proposed changes to November 14, 2012 draft of the Illinois Work Plan Agreement that I last sent you. The first attachment is a clean copy, the second marks the changes.

Regarding the 4 changes:

- The first change is a new section titled ***Progress to date and plan forward***. We drafted this Water Program section to match the format that appears in the Air Program section.
- The other 3 changes are in the CAFO Enforcement section. Ryan Bahr from our WECAB branch worked yesterday with Sanjay Sofat to agree on these changes.

Please let myself or Kim O'Lone know if you have any questions, or if these and the other proposed updates are OK with IEPA.

Thanks  
Dan
